

# Prepare for Success with ArcGIS® 10.2

Are you an experienced geographic information system (GIS) professional or completely new to GIS? A developer who wants to geoenable killer apps? Or an administrator responsible for managing the infrastructure that powers your organization's GIS workflows?

Whatever your role, Esri® courses are designed to help you build the essential knowledge and skills you need to get your work done faster and better and help your organization realize all the benefits of the ArcGIS® platform.

The ArcGIS 10.2 courses below are available now, and more will be added in the coming weeks. View the most up-to-date list of ArcGIS 10.2 training options at [esri.com/training10-2](http://esri.com/training10-2).

## Build Your Skills, Grow Your Career

### New ArcGIS 10.2 Courses

Learn the latest ArcGIS tools, faster ways to get reliable results, and tips to make your next project go more smoothly:

- Introduction to Geoprocessing Scripts Using Python

Understanding our world.

# Get Up to Speed with ArcGIS<sup>SM</sup> Online Workflows

ArcGIS<sup>SM</sup> Online training options prepare GIS professionals, IT administrators, and other knowledge workers to efficiently author, share, manage, and access GIS content to enhance all types of projects and workflows throughout an organization.

Quickly learn key concepts and get your questions answered in these half-day, instructor-led workshops:

- ArcGIS Online Subscriptions for Organizations: Publisher Workflows
- ArcGIS Online Subscriptions for Organizations: User Workflows

View all training options for ArcGIS Online at [esri.com/agolcourses](http://esri.com/agolcourses).

## Plan Ahead to Keep Your GIS Team Leading-Edge

Is your staff prepared to deliver the business value you need from the ArcGIS platform? The Esri Training Pass simplifies budget planning and secures access to training when it is needed. Purchase training days with one invoice, then easily redeem them on-demand for instructor-led training, client coaching services, or Virtual Campus e-learning. To talk with an Esri training specialist about the Training Pass, call 1-800-447-9778, ext. 5757, or send an e-mail to [GIStraining@esri.com](mailto:GIStraining@esri.com).
