

Increase Productivity with ArcGIS 10

www.esri.com/10seminar

Time	Agenda	Resources	
8:15 AM–9:00 AM	Registration		
9:00 AM–9:15 AM	Welcome and Agenda		
9:15 AM–10:30 AM	ArcGIS Is a Complete System ArcGIS 10 Demonstrations, training, common questions, and features of ArcGIS 10	www.esri.com/arcgis10	
	ArcGIS Is Now Online ArcGIS.com Web site for finding and sharing GIS content and building communities Community Maps Program Become part of a community map that Esri publishes and hosts online. Map Template Gallery Download professionally designed templates to make better maps faster. Best Practices for Working with Map Templates Free one-hour online training seminar Introduction to ArcGIS Explorer Online Free one-hour online training seminar. Learn how to use tools in ArcGIS Explorer Online to add data and graphics to your maps, create presentations, and perform geographic queries. ArcGIS Online Blog Subscribe to receive weekly tips. JavaScript Viewer Watch a video about how to create an interactive map embeddable on a Web page.	www.esri.com www.arcgis.com www.esri.com/communitymaps http://resources.arcgis.com/gallery/file/map-templates www.esri.com/training www.esri.com/training http://blogs.esri.com/Support/blogs/arcgisonline/default.aspx www.esri.com/embedwebmap	
	ArcGIS Is Easier to Use Using ArcMap in ArcGIS Desktop 10 Free one-hour online training seminar	www.esri.com/training	
	New Tools to Maintain Spatial Data Editing in ArcGIS Desktop 10 Free one-hour online training seminar What's New for Editing in ArcGIS 10 Learn about the new feature template palette for creating features, the enhanced interactive snapping environment, and more. Data Production and Editing Techniques Instructor-led training course. Learn recommended editing workflows as you practice with a variety of feature creation and editing tools.	www.esri.com/training www.esri.com/whatsnewediting www.esri.com/training	
	Better Map Production Building Map Books with ArcGIS Learn about Data Driven Pages and better ways to produce map books. Using Python in ArcGIS Desktop 10 Free one-hour online training seminar. Learn to automate common procedures and complex workflows with Python. Introduction to Geoprocessing Scripts Using Python Instructor-led training course. Develop Python scripting skills to automate GIS workflows and streamline data management. Getting Started with ArcGIS Workflow Manager Free one-hour online training seminar	www.esri.com/buildmapbooks www.esri.com/training www.esri.com/training www.esri.com/training	
	10:30 AM–11:00 AM	Break	
	11:00 AM–NOON	Getting Information into and out of the Field What Is Mobile GIS Use ArcGIS Web Help to familiarize yourself with GIS mobility in ArcGIS 10. Esri's Mobile GIS Apps and Software Tools Learn more about ArcGIS Mobile, ArcGIS for iOS, ArcGIS for Windows Phone, and ArcPad. Which Mobile GIS Application Is Right for You Watch videos to help you choose the best solution for your needs.	www.esri.com/whatsmobilegis http://resources.arcgis.com/content/mobilegis/about www.esri.com/mobilegisforyou

<p>11:00 AM—NOON (CONTINUED)</p>	<p>Download ArcGIS for iOS Navigate maps, capture and report data, and perform GIS analyses from your iPhone, iPad, and iPod touch with this new app.</p> <p>ArcGIS Mobile Blog Subscribe to receive mobile-related information and updates.</p> <p>Authoring and Serving ArcGIS Mobile Projects Instructor-led training course. Learn how to optimize existing data, maps, and GIS workflows for the mobile environment and create a ready-to-deploy ArcGIS Mobile project.</p>	<p>http://itunes.com/apps/ArcGIS</p> <p>http://blogs.esri.com/Dev/blogs/mobilecentral/</p> <p>www.esri.com/training</p>
	<p>ArcGIS Improves How You Use Imagery Visualizing and Analyzing Imagery with ArcGIS 10 Free one-hour online training seminar. Learn about the new tools for dynamically processing, analyzing, and classifying imagery.</p> <p>Managing Imagery with ArcGIS 10 Free one-hour online training seminar. Find out how the new mosaic dataset supports managing and disseminating large collections of imagery.</p> <p>Managing Imagery Using ArcGIS Instructor-led training course. Develop skills to efficiently manage imagery, perform dynamic image processing functions, and disseminate imagery within an organization and on the Web.</p> <p>What's New for Raster and Image Data in ArcGIS 10 Summary of the new tools available for visualizing, analyzing, and managing rasters</p>	<p>www.esri.com/training</p> <p>www.esri.com/training</p> <p>www.esri.com/training</p> <p>www.esri.com/training</p> <p>www.esri.com/whatsnewraster</p>
<p>NOON—1:00 PM</p>	<p>Lunch/Peer Discussions</p>	
<p>1:00 PM—3:00 PM</p>	<p>ArcGIS Advances Spatial Analysis Performing Analysis with ArcGIS Desktop Instructor-led training course. Learn a proven process to solve a variety of spatial problems using ArcGIS Desktop and ArcGIS Spatial Analyst tools.</p> <p>What's New in ArcGIS Network Analyst at 10 Learn about location-allocation and new vehicle routing solvers.</p> <p>Using Network Analyst in ArcGIS Desktop 10 Free one-hour online training seminar</p>	<p>www.esri.com/training</p> <p>www.esri.com/whatsnewnetworkanalyst</p> <p>www.esri.com/training</p>
	<p>ArcGIS Provides a 3D GIS What's New in ArcGIS 3D Analyst at 10 Learn more about the new geoprocessing tool in the 3D features toolset, as well as the 3D Virtual Cities template, to start utilizing your 2D content in 3D.</p> <p>Working with 3D GIS Using ArcGIS Instructor-led training course. Learn how to visualize, edit, model, and analyze GIS data in a 3D context.</p>	<p>www.esri.com/whatsnew3d</p> <p>www.esri.com/training</p>
	<p>ArcGIS in the Cloud ArcGIS Server on Amazon EC2 Learn how to get started using ArcGIS Server in the Amazon cloud.</p>	<p>www.esri.com/amazonec2</p>
	<p>ArcGIS Is Easier to Deploy What's New for Geodatabases in ArcGIS 10 Learn about the improved management of geodatabases, the ability to create layers based on queries on spatial tables in spatial databases, support for new data types in ArcSDE geodatabases, and new one-way replication scenarios.</p> <p>Managing Your Licenses at ArcGIS 10 Visit the new Esri Customer Care Web site to manage your current ArcGIS 10 software licenses.</p> <p>Building Web Applications Using the ArcGIS API for Flex Instructor-led training course. Develop high-performing Flex-based applications that deliver GIS services and functionality.</p> <p>Building Web Applications Using the ArcGIS API for Microsoft Silverlight/WPF Instructor-led training course. Develop high-performing Silverlight applications that deliver GIS services and functionality.</p>	<p>www.esri.com/whatsnewgeodatabases</p> <p>http://customers.esri.com</p> <p>www.esri.com/training</p> <p>www.esri.com/training</p>
