

IMPORTANT—READ CAREFULLY

UNLESS IT IS SUPERSEDED BY A SIGNED LICENSE AGREEMENT BETWEEN YOU AND ESRI, ESRI IS WILLING TO LICENSE THE SOFTWARE, DATA, OR DOCUMENTATION TO YOU ONLY ON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS AND CONDITIONS CONTAINED IN THIS ESRI LICENSE AGREEMENT. PLEASE READ THE TERMS AND CONDITIONS CAREFULLY. THE SOFTWARE, DATA, OR DOCUMENTATION WILL NOT BEGIN DOWNLOADING TO OR INSTALL ONTO YOUR COMPUTER SYSTEM UNTIL YOU HAVE MANIFESTED YOUR ASSENT TO THE TERMS AND CONDITIONS OF THE ESRI LICENSE AGREEMENT BY CLICKING "I accept the License Agreement" BELOW. IF YOU DO NOT AGREE TO THE TERMS AND CONDITIONS AS STATED, THEN ESRI IS UNWILLING TO LICENSE THE SOFTWARE, DATA, OR DOCUMENTATION TO YOU AND YOU SHOULD CLICK " I do not accept the License Agreement " BELOW, IN WHICH EVENT, THE SOFTWARE, DATA, OR DOCUMENTATION WILL NOT BE DOWNLOADED TO OR INSTALLED ONTO YOUR COMPUTER SYSTEM.

ESRI LICENSE AGREEMENT (E204 2/04)

This ESRI License Agreement (hereinafter referred to as "Agreement") is between you ("Licensee") and Environmental Systems Research Institute, Inc. ("ESRI"), a California corporation, with its principal place of business at 380 New York Street, Redlands, California 92373-8100, USA.

ARTICLE 1—DEFINITIONS

Definitions—As used herein, the following words, phrases, or terms in this Agreement shall have the following meanings:

- (a) "Software" means the actual copy of all or any portion of ESRI's proprietary geographic information system (GIS) software technology, computer software code, components, dynamic link libraries (DLLs), and programs delivered on any media, including, but not limited to, alpha, beta, prerelease, restricted version(s), or final commercial release provided in source, object, or executable code format(s), inclusive of backups, updates, or merged copies permitted hereunder or subsequently supplied under this Agreement.
- (b) "Data" means any ESRI or third party data vendor(s) digital data set(s) including, but not limited to, geographic, vector data coordinates, raster, or associated tabular attributes in ESRI[®] GIS software compatible format(s) supplied under this Agreement.
- (c) "Documentation" means all of the printed and digital materials including, but not limited to, user documentation, training documentation, or technical information and briefings supplied under this Agreement.
- (d) "License Manager" means the nondestructive license management software program or hardware key, or similar copy protection mechanism, which controls the distribution of the licensed number of Software copies to requesting end user(s) of Licensee.

ARTICLE 2—INTELLECTUAL PROPERTY RIGHTS AND RESERVATION OF OWNERSHIP

The Software, Data, and Documentation are owned by ESRI and its licensor(s) and are protected by United States laws and applicable international laws, treaties, and conventions regarding intellectual property or proprietary rights. ESRI and its licensor(s) retain all rights, title, and ownership not granted herein to all copies of the Software, Data, and Documentation licensed under this Agreement. From the date of receipt, Licensee agrees to use reasonable effort to protect the Software, Data, and Documentation from unauthorized use, reproduction, distribution, or publication. All rights not specifically granted in this Agreement are reserved to ESRI and its licensor(s).

ARTICLE 3—GRANT OF LICENSE

3.1 Grant of License—In consideration of the mutual promises and covenants provided herein and for other good and valuable consideration, and conditioned upon compliance with all of the terms and conditions set forth in the Agreement including, but not limited to, Article 4, ESRI grants to Licensee a personal, nonexclusive, nontransferable license to

- (a) Use the Software, Data, and Documentation as a single package for Licensee's own internal use only; and
- (b) Access and use any secure ESRI Web site resources made available to Licensee for Licensee's internal use only, provided that Licensee follows ESRI's terms of use policy specified therein. All password or controlled access information provided by ESRI or its authorized Distributor shall be treated as ESRI confidential information.

3.2 Beta License—In the event ESRI accepts Licensee into a current Beta Testing program, Licensee may be provided copies of alpha, beta, and/or prerelease (hereinafter collectively referred to as "Beta") Software for the limited purpose of testing the Beta Software in accordance with the Beta testing policies then in effect. Beta Software and Documentation delivered are confidential and proprietary to ESRI and contain trade secrets, inclusive of unpublished specifications. In consideration of the rights granted herein, Licensee agrees to retain all Beta Software and Documentation provided to Licensee in confidence. Licensee shall maintain all results of testing in confidence and agrees not to disclose to any third party details pertaining to the Beta Software, Documentation, test results, or errors encountered. ESRI reserves the right to determine which Beta Software and Documentation, subsequent interim beta release(s), or patch(es) will be made available to Licensee to test during the term of the Agreement. Beta Software is subject to change prior to its commercial release and may never be commercially released. Licensee is advised that such Software is not suitable or licensed for full use and accepts all responsibility for use of the same and any results generated.

3.3 Evaluation License—ESRI may from time to time extend a limited term evaluation license(s) under the terms of this Agreement, for the duration authorized in any supporting documentation supplied by ESRI. Any evaluation license subsequently converted to a full use license is also subject to the terms of this Agreement.

3.4 Consultant Access—Licensee may provide access to the Software, Data, or Documentation to any consultant or contractor of Licensee, provided that the consultant or contractor is using the Software, Data, or Documentation exclusively for the benefit of Licensee. Licensee shall be responsible for compliance by consultants or contractors with the terms and conditions of this Agreement.

ARTICLE 4—SCOPE OF USE

4.1 Permitted Uses

- (a) Licensee may (i) install and store copies onto electronic storage device(s) and (ii) only use the Software, Data, and Documentation as described in Exhibit 1 set forth herein and in accordance with the licensed configuration on file with ESRI Customer Service or ESRI authorized distributors.
- (b) Licensee may make one (1) copy of the Software, Data, and Documentation for archival purposes during the term of this Agreement. Additionally, Licensee may make routine computer backups and implement a redundant installation for failover operations during the period the primary site is not operational. The redundant installation shall remain dormant except for system maintenance and updating of databases while the primary site is operational.
- (c) Licensee may customize the Software using any (i) macro or scripting language, (ii) open application programming interface (API), or (iii) source or object code libraries, but only to the extent that such customization is described in the Documentation.
- (d) Licensee may use the Data only as described in the Distribution Rights section of the help or metadata files delivered with the Software, Data, and Documentation, or subject to the third party Data vendor's terms.
- (e) Licensee may use, copy, or prepare derivative works of the Documentation supplied in digital format and thereafter reproduce, display, and redistribute the customized documentation only for Licensee's own internal use. The portion(s) of the Documentation supplied in digital format merged with other software and printed or digital documentation shall continue to be subject to the terms and conditions of this Agreement and shall provide the following copyright attribution notice acknowledging the proprietary rights of ESRI and its licensor(s) in the Documentation supplied in digital format: "Portions of this document include intellectual property of ESRI and its licensor(s) and are used herein under license. Copyright © [*Insert the actual copyright date(s) from the source materials*] ESRI and its licensor(s). All rights reserved."

4.2 Uses Not Permitted

- (a) Licensee shall not sell; rent; lease; sublicense; lend; assign; time-share; or act as a service bureau or Application Service Provider (ASP) that allows third party access to the Software, Data, and Documentation except as provided herein; or transfer, in whole or in part, access to prior or present versions of the Software, Data, or Documentation, any updates, or Licensee's rights under this Agreement.
- (b) Licensee shall not redistribute the Software developer license authorization file(s).
- (c) Licensee shall not redistribute the Software, in whole or in part, including, but not limited to, extensions, components, or DLLs without the prior written approval of ESRI as set forth in an appropriate redistribution license agreement.
- (d) Licensee shall not reverse engineer, decompile, or disassemble the Software, Data, or Documentation, except to the extent that such activity is expressly permitted by applicable law notwithstanding this restriction in order to protect ESRI and its licensor(s) trade secrets and proprietary information contained in the Software, Data, or Documentation.
- (e) Licensee shall not make any attempt to circumvent the technological measure(s) (e.g., License Manager, etc.) that controls access to or use of the Software, Data, and Documentation, except to the extent that such activity is expressly permitted by applicable law notwithstanding this restriction.
- (f) Licensee shall not use the Software to transfer or exchange any material where such transfer or exchange is prohibited by copyright or any other law.
- (g) Licensee shall not remove or obscure any ESRI or its licensor(s) patent, copyright, trademark, or proprietary rights notices contained in or affixed to the Software, Data, or Documentation.
- (h) Other than during a reasonable transition time during an upgrade, Licensee shall not continue to use old versions of the Software, Data, and Documentation in addition to the updated versions such that Licensee exceeds the quantity of licenses granted.

ARTICLE 5—MAINTENANCE

Maintenance consists of Software, Data, or Documentation updates and access to technical support and other benefits specified in the most current applicable ESRI or Distributor Support Services Policy.

ARTICLE 6—TERM AND TERMINATION

The license granted to Licensee by this Agreement shall commence upon the acceptance of this Agreement and shall continue until such time that (i) Licensee elects in writing to discontinue use of the Software, Data, or Documentation and terminates this Agreement or (ii) either party terminates this Agreement for a material breach that is not cured within ten (10) days of written notice to the other party, except that termination is immediate for a material breach of a nature that it is impossible to cure. Upon termination of this Agreement, Licensee shall uninstall, remove, and destroy all Software, Data, and Documentation, and any whole or partial copies, modifications, or merged portions in any form and execute and deliver a certification of deinstallation and destruction to ESRI signed by an authorized representative of Licensee.

ARTICLE 7—LIMITED WARRANTIES AND DISCLAIMERS

7.1 Limited Warranties—For a period of ninety (90) days from the later of the date of keycode issuance or date of delivery of the Software, Data, or Documentation to Licensee, ESRI represents and warrants that (i) the unmodified Software will substantially conform to the published Documentation and (ii) the media upon which the Software, Data, and Documentation is provided will be free from defects in materials and workmanship under normal use and service.

7.2 Data Disclaimer—If included under this Agreement, the Data has been obtained from sources believed to be reliable, but its accuracy and completeness are not guaranteed. The Data may contain some nonconformities, defects, errors, or omissions. ESRI AND ITS LICENSOR(S) MAKE NO WARRANTY WITH RESPECT TO THE DATA. Without limiting the generality of the preceding sentence, ESRI and its licensor(s) do not warrant that the Data will meet Licensee's needs or expectations, the use of the Data will be uninterrupted, or that all nonconformities can or will be corrected. ESRI and its licensor(s) are not inviting reliance on this Data, and Licensee should always verify actual Data including, but not limited to, map, spatial, raster, and tabular information.

7.3 General Disclaimer—EXCEPT FOR THE ABOVE EXPRESS LIMITED WARRANTIES, ESRI DISCLAIMS ALL OTHER WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINTERFERENCE, SYSTEM INTEGRATION, AND NONINFRINGEMENT. ESRI DOES NOT WARRANT THAT THE SOFTWARE, DATA, OR DOCUMENTATION WILL MEET LICENSEE'S NEEDS, OR THAT LICENSEE'S

OPERATION OF THE SAME WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL NONCONFORMITIES CAN OR WILL BE CORRECTED.

LICENSEE EXPRESSLY ACKNOWLEDGES AND AGREES THAT BETA AND EVALUATION SOFTWARE IS DELIVERED "AS-IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINTERFERENCE, SYSTEM INTEGRATION, AND NONINFRINGEMENT. LICENSEE ASSUMES ALL RISK AS TO THE QUALITY AND PERFORMANCE OF THE BETA AND EVALUATION SOFTWARE.

7.4 Exclusive Remedy—Licensee's exclusive remedy and ESRI's entire liability for breach of the limited warranties set forth in this Article 7 shall be limited, at ESRI's sole discretion, to (i) replacement of any defective media; (ii) repair, correction, or a work-around for the Software subject to the ESRI Support Services Policy; or (iii) return of the license fees paid by Licensee for the Software, Data, or Documentation that does not meet ESRI's Limited Warranty, provided that Licensee uninstalls, removes, and destroys all copies of the Software, Data, or Documentation and executes and delivers to ESRI or its Distributor a Certification of Destruction in a form acceptable to ESRI.

ARTICLE 8—LIMITATION OF LIABILITY

8.1 Disclaimer of Certain Types of Liability—IN NO EVENT SHALL ESRI OR ITS LICENSOR(S) BE LIABLE TO LICENSEE FOR COSTS OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOST PROFITS; LOST SALES OR BUSINESS EXPENDITURES; INVESTMENTS; OR COMMITMENTS IN CONNECTION WITH ANY BUSINESS, LOSS OF ANY GOODWILL, OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR USE OF THE SOFTWARE, DATA, OR DOCUMENTATION, HOWEVER CAUSED, ON ANY THEORY OF LIABILITY, AND WHETHER OR NOT ESRI OR ITS LICENSOR(S) HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE. THESE LIMITATIONS SHALL APPLY NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY.

8.2 General Limitation of Liability—IN NO EVENT WILL ESRI'S TOTAL CUMULATIVE LIABILITY HEREUNDER, FROM ALL CAUSES OF ACTION OF ANY KIND, INCLUDING, BUT NOT LIMITED TO, CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, BREACH OF WARRANTY, MISREPRESENTATION, OR OTHERWISE, EXCEED THE AMOUNTS PAID TO ESRI BY LICENSEE FOR SOFTWARE, DATA, OR DOCUMENTATION PURSUANT TO THIS AGREEMENT.

8.3 Applicability of Disclaimers and Limitations—Licensee agrees that the limitations of liability and disclaimers set forth in this Agreement will apply regardless of whether Licensee has accepted the Software, Data, or Documentation or any other product or service delivered by ESRI. The parties agree that ESRI has set its prices and entered into this Agreement in reliance upon the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

ARTICLE 9—INFRINGEMENT INDEMNITY

9.1 ESRI shall defend, indemnify, and hold harmless Licensee from and against any loss, liability, cost, or expense, including reasonable attorneys' fees, which may be incurred by Licensee against any claims, actions, or demands by a third party alleging that the Software, Data, or Documentation infringes a U.S. patent, copyright, or trademark provided

- (a) Licensee promptly notifies ESRI in writing of the claim thereof;
- (b) ESRI has sole control of the defense of any actions and negotiations related to the defense or settlement of any claim; and
- (c) Licensee cooperates fully in the defense of the claim.

9.2 If ESRI believes that the Software, Data, or Documentation is or will become the subject of an infringement claim, or in the event that use of the Software, Data, or Documentation is enjoined, ESRI, at its own expense, may either (i) obtain the right for Licensee to continue using the Software, Data, or Documentation or (ii) modify the Software, Data, or Documentation to make it noninfringing while maintaining substantially similar software functionality or data/informational content. If neither of such alternatives is commercially practical, the infringing items shall be returned to ESRI and ESRI's sole liability shall be to refund license fees paid by Licensee prorated on a twenty percent (20%) per year straight line depreciation basis over a five (5) year period from the initial date of delivery.

9.3 ESRI shall have no obligation hereunder to defend Licensee or to pay any resulting costs, damages, or reasonable attorneys' fees for or with respect to any claims, actions, or demands alleging (i) infringement that arises by reason of combination of noninfringing items, however acquired, with any items not supplied by ESRI; (ii) infringement to the extent arising from material alteration of the Software, Data, or Documentation by anyone other than ESRI, its agents, or its contractors; (iii) the direct or contributory infringement of any process patent by Licensee through the use of the Software, Data, or Documentation other than a process patent that is necessarily infringed by the internal processes executed within the Software or Data itself when the Software or Data is executed for its intended purpose; (iv) continued allegedly infringing activity by Licensee after it has been notified of the possible infringement; or (v) continued allegedly infringing activity by Licensee to the extent it arises from failure of Licensee to use the updated or modified Software, Data, or Documentation provided by ESRI for avoiding infringement.

THE FOREGOING STATES THE ENTIRE OBLIGATION OF ESRI WITH RESPECT TO INFRINGEMENT OR ALLEGATION OF INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY.

ARTICLE 10—GENERAL PROVISIONS

10.1 Export Control Regulations—Licensee expressly acknowledges and agrees that Licensee shall not export, reexport, or provide the Software, Data, or Documentation, in whole or in part, to (i) any country to which the United States has embargoed goods; (ii) any person on the U.S. Treasury Department's list of Specially Designated Nationals; (iii) any person or entity on the U.S. Commerce Department's Table of Denial Orders; or (iv) any person or entity where such export, reexport, or provision violates any U.S. export control law or regulation. Licensee shall not export the Software, Data, and/or Documentation or any underlying information or technology to any facility in violation of these or other applicable laws and regulations. Licensee represents and warrants that it is not a national, resident, located in or under the control of, or acting on behalf of any person, entity, or country subject to such U.S. export controls.

10.2 Taxes and Fees, Shipping Charges—License fees quoted to Licensee are exclusive of any and all taxes or fees including, but not limited to, sales tax, use tax, value-added tax (VAT), customs, duties, or tariffs, and shipping and handling charges.

10.3 No Implied Waivers—The failure of either party to enforce any provision of this Agreement shall not be deemed a waiver of the provisions or of the right of such party thereafter to enforce that or any other provision.

10.4 Severability—The parties mutually agree that if any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make the intent of the language enforceable.

10.5 Successor and Assigns—Licensee shall not assign, sublicense, or transfer Licensee's rights or delegate its obligations under this Agreement without ESRI's prior written consent, and any attempt to do so without consent shall be void. This Agreement shall be binding upon the respective successors and assigns of the parties to this Agreement. Notwithstanding, a U.S. Government contractor may assign its rights under this Agreement to a U.S. Government Agency upon written notice to ESRI if the U.S. Government Agency assents to the terms of this Agreement.

10.6 Survival of Terms—The provisions of Articles 6, 7, 8, 9, and 10 of this Agreement shall survive the expiration or termination of this Agreement for any reason.

10.7 Equitable Relief—Licensee agrees that any breach of this Agreement by Licensee may cause irreparable damage and that, in the event of such breach, in addition to any and all remedies at law, ESRI shall have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction to prevent violation of these terms and without the requirement of posting a bond or undertaking or proving injury as a condition for relief.

10.8 Commercial Terms and Conditions—This Agreement contains ESRI's commercial terms and conditions. Licensee's rights in the Software, Data, and Documentation are strictly limited to the uses granted by this Agreement pursuant to FAR 12.211, FAR 12.212, and DFARS 227.7202. In the event any court, arbitrator, or board holds that the U.S. Government has greater rights to any portion of the Software, Data, or Documentation, such rights shall extend only to the portion(s) affected and use, duplication, or disclosure by the U.S. Government is subject to restrictions as provided in FAR 52.227-19 (June 1987), FAR 52.227-14 (ALT III) (June 1987), DFARS 252.227-7015 (NOV 1995), or NFS 1852.227-86 (December 1987), as applicable. No other license terms or conditions shall apply unless expressly agreed in writing by ESRI and Licensee. ESRI Software is unpublished and all rights reserved under copyright laws of the United States.

10.9 Governing Law, Arbitration

- A. *Licensees in the United States of America, Its Possessions, and Territories*—This Agreement shall be governed by and construed in accordance with the laws of the State of California without reference to conflict of laws principles. Except as provided in Article 10.7 above, any controversy or claim arising out of or relating to this Agreement, or the breach thereof, which cannot be settled through negotiation, shall be finally settled by arbitration administered by the American Arbitration Association under its Commercial Arbitration Rules, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. If Licensee is a U.S. Government agency, this Agreement is subject to the Contract Disputes Act of 1978, as amended (41 U.S.C. 601–613), in lieu of the Arbitration provisions of this clause.
- B. *All Other Licensees*—All disputes arising in connection with the present Agreement that cannot be settled through negotiation shall be finally settled under the Rules of Arbitration of the International Chamber of Commerce by one (1) arbitrator appointed in accordance with said Rules. The language of the arbitration shall be in English. The place of the arbitration shall be at a mutually agreed location. This Agreement shall not be governed by the United Nations Convention on Contracts for the International Sale of Goods, the application of which is expressly excluded. Either party shall, at the request of the other, make available documents or witnesses relevant to the major aspects of the dispute.

This Agreement constitutes the sole and entire agreement of the parties as to the subject matter set forth herein and supersedes any previous agreements, understandings, and arrangements between the parties relating to such subject matter, and any terms on Licensee's purchase orders. Any modification(s) or amendment(s) to this Agreement must be in writing and signed by an authorized representative of each party.

- ArcExplorer™ (1 and 19)
- NetEngine™ (1, 5, and 12)
- NetEngine Internet (3, 5, and 13)
- Production Line Tool Set (PLTS); GIS Data ReViewer; Job Tracking for ArcGIS (1)
- Data Sets (1 and 15)

- ¹ "Single use license" means a license must be dedicated for each computer or network access point that has use rights for the Software, Data, or Documentation. Licensee may make a second copy for Licensee's exclusive use on a portable computer so long as only one (1) copy of the Software, Data, and Documentation is in use at any one time.
- ² "Concurrent use license" means a license that permits execution of the Software on any computer on the network. The number of simultaneous/concurrent users may be controlled by a License Manager to access and use the Software, Data, or Documentation.
- ³ "Server license" means a license for the server-side Software that resides on a per computer server basis and provides services to multiple users in a global client/server distributed computing environment.
- ⁴ [Reserved]
- ⁵ A "Redistribution license" or "Deployment license" grants the right to Licensee to redistribute either Stand-alone or Internet applications to end users. A "Redistribution Stand-alone license" requires the application to be installed on each computer on which the application is run. A "Redistribution Internet license" permits the application to be distributed via the Internet or Intranet to end users of the application. The Redistribution license generally requires payment of additional deployment or redistribution fees.
- ⁶ Extensions or Options to Software programs follow the same scope of use as that granted for the corresponding Software programs. For example, if you order an ArcInfo extension, then that extension is also licensed for concurrent use.
- ⁷ The ArcGIS Server, ArcIMS, ArcSDE and MapObjects—Java Edition (collectively Server Software) licenses are licensed per Server/CPU and include the right to develop, test, and deploy applications to end users. Additional CPU licenses, Developer licenses, and Development and Testing Server Licenses are available for a fee. All Developer licenses are Single Use licenses. Licensee shall not use a Developer license or a Development and Testing Server license to deploy applications for production use by end users. Licensee may use the Server Software to test and deploy applications on the Internet provided the source and object code are not accessible to users of the application. Except for ArcGIS Server, the Server Software administration tools may be copied and redistributed throughout Licensee's organization. The ArcIMS license includes the right to deploy MapObjects—Windows Edition applications on the Internet or Intranet. Licensee shall not develop client/server solutions with the ArcIMS Java Archive (JAR) files without a license for the MapObjects—Java Edition Developer Kit.
- ⁸ ESRI and its licensor(s) grant Licensee a nonexclusive, nontransferable, limited license to use, copy, and prepare derivative works by
- (a) Translating "alroute.mld" (hereinafter "Dictionary") from the original text in the English language;
 - (b) Editing Geographic Data Technology (GDT) Data included within ArcLogistics Route; and
 - (c) Adding Data (owned by Licensee or others) to ArcLogistics Route Software.

The license grant is conditioned as follows:

- (a) The derivative works are for Licensee's internal use only;
- (b) ESRI and its licensor(s) retain all exclusive right, title, and interest in and benefits from the derivative works, except Data owned by Licensee or others; and
- (c) Licensee expressly waives and relinquishes any and all ownership including, but not limited to, copyright, moral rights, or any other statutory or common law claims to the derivative works, except for Data owned by Licensee or others.

Licensee shall not translate, modify, or edit in any way the software name "ArcLogistics Route," software logo, any third party software, any text other than the Dictionary, or any Data other than GDT's.

The amount of Data used by Licensee is limited by Data credits purchased. Additional license fees are required if ArcLogistics Route with Data is to be accessed by more than one (1) ArcLogistics Route license.

- ⁹ ArcPad SOFTWARE IS NOT LICENSED FOR NAVIGATIONAL USE.
- ¹⁰ This is a "Dual Use License," meaning the Software may be installed on a desktop computer and may be used simultaneously with either a Personal Digital Assistant (PDA) or handheld mobile computer provided that the Software is only used by a single individual at any one (1) time.
- ¹¹ Licensee shall not redistribute or disclose the MapObjects developer license file (*.lic). Developers must attribute as follows: "Portions of this computer program are owned by LizardTech, Inc., and are Copyright © 1995–2002 LizardTech, Inc., and/or the University of California. All rights reserved. U.S. Patent No. 5,710,835."
- ¹² Redistribution rights for standard or Internet application(s) may be subject to payment of additional license fees. Other restrictions notwithstanding, Licensee may redistribute commercial applications to its sublicensee(s) provided Licensee

uses a written sublicense agreement that protects ESRI's rights in its Software, Data, and Documentation to the same extent as the ESRI License Agreement, and that includes the following terms, as a minimum:

- (a) Sublicensee may not reverse engineer, decompile, or disassemble the ESRI Software, Data, or Documentation, except to the extent permitted by applicable law, copy for commercial use, transfer, or assign its rights under the license grant; and
- (b) Sublicensee may not use any ESRI Software, Data, or Documentation, in whole or in part, separate from Licensee's executable application.
- (c) Third party dependent or required components are redistributable subject to permission from the owner or author.

¹³ Subject to an annual renewal fee.

¹⁴ [Reserved]

¹⁵ For ESRI branded Data, unless there is a statement to the contrary in the metadata, Licensee may use, copy, reproduce, publish, publicly display, or redistribute map images derived from the Data in hard-copy or static, electronic formats (i.e., .gif, .jpeg, etc.), provided that Licensee affixes an attribution statement to the map images acknowledging ESRI or its licensors as the source of the portion(s) of the Data displayed, printed, or plotted. For third-party branded Data, the right to use, reproduce, and redistribute shall be subject to the third-party Data vendor's data license agreement. The Data shall not be used separately from ESRI Software.

¹⁶ The Redistribution Stand-alone (or Deployment) license is per application per computer. For MapObjects—Windows Edition, Internet or Intranet Deployment requires an ArcIMS Internet Deployment License. Except for ArcIMS licenses, one (1) Internet Deployment license is required for each ArcIMS server/CPU that runs Web mapping applications built with MapObjects—Windows Edition. For MapObjects—Java Edition, Internet or Intranet Deployment requires a MapObjects—Java Internet Deployment License. An application upgrade is not a redeployment as long as it uses the same major revision of ArcGIS Schematics SDK, MapObjects—Windows Edition, or MapObjects—Java Edition.

¹⁷ The MapObjects—Java Edition contains Java Archive (JAR) files, which indicate they are authentic ESRI-certificated files when used over the Internet. Any Licensee certificate placed on the modified "re-jarred" files cannot reference ESRI as a source of trusted content. In addition to any other rights and restrictions in the Agreement, Licensee may use the MapObjects—Java Edition on a single computer to

- (a) Build applet(s) that are used only as an internal component in end user interfaces, and to copy the applet(s) to additional computers (e.g., Web Server) from which Licensee may deploy the applet(s) to end users via download in the course of browsing or interacting with Licensee's Web pages. End user redistribution of the applet(s) is not allowed; and
- (b) Build stand-alone Java Applications. Licensee may deploy the Java class ESRI certificated libraries as an integral part of Licensee's application(s); and
- (c) Build servlets and/or Enterprise JavaBeans with MapObjects—Java components, requiring a MapObjects—Java Internet Deployment License for each CPU; and
- (d) Distribute MapObjects Java applets, provided (i) Licensee's Web pages or software application(s) is targeted at end users and not as a development tool; (ii) Licensee does not use ESRI's name, logos, or trademark to market Licensee's Web pages or application(s); and (iii) Licensee includes a valid Licensee copyright notice on Licensee's Web pages and software application(s).

¹⁸ ArcSDE is licensed on a Server/CPU basis and on a one-to-one basis with a relational database, meaning Licensee shall run ArcSDE on a Server on a one-to-one basis with a database Server. In most implementations ArcSDE and the database are installed on the same Server. Each ArcSDE Server license enables the customer to have multiple ArcSDE instances if they have multiple database instances on the corresponding database Server. Licensee shall not install ArcSDE instances on more than one Server and shall not use the network to connect from the Server on which ArcSDE is installed to databases on more than one (1) Server. ArcSDE Single Use licenses are available only for use with ArcEditor Single Use Software licenses on a one-to-one basis. ArcSDE direct connections run on a client desktop computer are also Single Use licenses. ArcSDE for Coverages is licensed only in conjunction with concurrent use licenses of ArcView, ArcEditor, ArcInfo, ArcSDE Server, or ArcIMS Software. Licensee may use the ArcSDE for Coverages subject to this Agreement. ArcSDE for Coverages is not licensed separately, but may be distributed separately.

¹⁹ Licensee may reproduce and redistribute the ArcReader and/or ArcExplorer Software provided all of the following occur:

- (a) The ArcReader or ArcExplorer Software is reproduced and redistributed in its entirety whether as a stand-alone application or as an embedded GIS viewing tool on Licensee's own deliverable;

- (b) An Agreement accompanies each copy of the ArcReader or ArcExplorer Software that protects the ArcReader or ArcExplorer Software to the same extent as the ESRI License Agreement, and the recipient agrees to be bound by the terms and conditions of the Agreement;
- (c) All copyright and trademark attributions/notices are reproduced; and
- (d) There is no charge or fee attributable to the use of the ArcReader or ArcExplorer Software.

²⁰ Data provided with ArcPad StreetMap may be used for mapping, geocoding, and routing purposes but may not be used for dynamic routing purposes. Dynamic routing or "real-time guidance" is predictive routing and is not included in the ArcPad StreetMap functionality. For instance, ArcPad StreetMap may not be used to alert a user about upcoming maneuvers (such as warning of an upcoming turn) or calculating an alternate route if a turn is missed.

²¹ Subject to the Permitted Uses described below, the Data provided with Business Analyst shall not be used separately from the Software. Use of the Data provided with Business Analyst shall be subject to Footnote 15 above and are hereby supplemented by adding the following terms and conditions:

"Permitted Uses:

- (a) In conjunction with the permitted uses described in Footnote 15, Licensee is granted permission to include resultant maps, reports, or other data output derived from Business Analyst only as part of Licensee's value-added products and/or services (e.g., Licensee's client reports, presentation packages, marketing studies, etc.) to current or prospective clients, so long as the resultant maps, reports, or other data output derived from Business Analyst comprises less than twenty percent (20%) of the total content value of the Licensee's client reports, presentation packages, or marketing studies.

Uses Not Permitted:

- (a) Licensee shall not sell; rent; lease; sublicense; lend; assign; time-share; or act as a service bureau or Application Service Provider (ASP) of full, complete, stand-alone reports, maps, or data output created from Business Analyst without first entering into an appropriate reseller-type agreement with ESRI.
- (b) Unless Licensee has separately licensed a copy of ESRI BIS Coder, Community Coder, or ESRI BIS Data that permits appending of the ACORN or Community segmentation codes, Licensee shall not use the Data provided with Business Analyst to assign or append ACORN or Community segmentation codes to addresses or geographical data not included in Business Analyst.
- (c) Licensee shall not use, copy, redistribute, display, rebroadcast, or otherwise retransmit the Software or Data provided with Business Analyst on the Internet without first entering into an appropriate Internet/Intranet Deployment-type agreement with ESRI.
- (d) Licensee shall not withhold any substantial right (e.g., extension of credit) from any individual based solely on the ACORN or Community market segmentation systems type of said individual's place of residence."

²² ArcIMS Small Local Government Intranet License (SLG License) is subject to the following additional limitations:

- (a) Only available to local governments with populations of less than 25,000;
- (b) Limited to Intranet Deployment; Internet Deployment is not allowed; and
- (c) Limited to ten (10) or fewer users.

If the Licensee exceeds the above limitations (e.g., population increased over 25,000 or number of users exceeds 10), the Licensee will upgrade the SLG License to an ArcIMS Standard Edition License, including payment of additional fees. Also, extending the Deployment from the Intranet to the Internet requires upgrading the SLG License to an ArcIMS Standard Edition License subject to payment of additional fees. Additional CPU licenses are available at standard pricing under the standard ArcIMS program and pricing.

²³ The ArcGIS Engine Developer Kit grants the right to develop an unlimited number of applications on a single computer and to deliver the applications with or without the Engine Runtime Software to end users. The ArcGIS Engine Developer Kit licenses and Engine Runtime licenses may be licensed independent of the other. Licensee shall not redistribute the Engine Developer Kit authorization file. The Engine Runtime licenses shall not be used for development of Engine applications. Internet Deployment is not permitted. An end user must license either ArcGIS Engine Runtime Software or other ArcGIS Desktop Software (ArcView, ArcEditor, or ArcInfo) to obtain the right to run an unlimited number of ArcGIS Engine Developer Kit applications on one (1) computer. The ArcGIS Engine Runtime Options shall not be used in combination with ArcGIS Software to run ArcGIS Engine applications. Developers must attribute as follows:

"Portions of this computer program are owned by LizardTech, Inc., and are Copyright © 1995–2002 LizardTech, Inc., and/or the University of California. All rights reserved. U.S. Patent No. 5,710,835."

- ²⁴ ArcGIS Server requires ArcSDE and an ArcGIS Desktop License (ArcInfo, ArcEditor, or ArcView), licensed separately. The ArcGIS Server Base License includes the GIS Server and the Application Developer Framework (ADF). The ArcGIS Server options or extensions are the ArcGIS Server Spatial Option, ArcGIS Server 3D Option, and the ArcGIS Server StreetMap USA Option. An ArcGIS Server standard license includes the right to install and run the .NET or Java ADF on one (1) developer computer for the purposes of developing Web applications and services. Licensee may deploy ArcGIS Server applications on the Internet provided the source and object code are not accessible to users of the application, and that Licensee does not generate revenue directly by charging for access to the site or service by selling data, pay-per-view, or subscription fee, or similar means by utilization of the Software.

General Notes:

- A. Use of ESRI Software, Data, or Documentation in a commercial Application Service Provider (ASP) business model is subject to execution of a written ASP license agreement and the payment of the appropriate additional license fees. For purposes of this Agreement, a commercial ASP means a Licensee who uses ESRI Software, Data, or Documentation for a site or service, operates the site or the service for a profit, and generates revenue by charging for access to the site or service (by selling data, pay-per-view, subscription fee, or similar means).
- B. Except for the ASP License grant described above, ESRI does not permit a Licensee to make the ESRI Software, Data, or Documentation accessible to third parties for remote geoprocessing or on a global server for access by foreign affiliates or other third parties.

ESRI, ArcGIS, ArcReader, ArcView, ArcEditor, ArcInfo, 3D Analyst, StreetMap, ArcSDE, ArcIMS, ArcMap, RouteMAP, ArcLogistics, PC ARC/INFO, MOLE, BusinessMAP, ArcPad, MapObjects, ArcExplorer, and NetEngine are trademarks, registered trademarks, or service marks of ESRI in the United States, the European Community, or certain other jurisdictions.
