

Renewable Energy Events and Activities

The Esri User Conference has many presentations and events with hundreds of topics covered. To help you find your way to the Renewable Energy sessions and events, we have prepared a more focused agenda.

Esri Pavilion: Natural Resources Neighborhood

Tuesday, June 28 9:00 AM–6:00 PM

Wednesday, June 29 9:00 AM–6:00 PM

Thursday, June 30 9:00 AM–1:30 PM

Exhibit Hall C, SDCC

The Natural Resources Neighborhood should be your first stop to meet with Esri industry experts to help with your challenges, demonstrate industry-specific solutions, and discuss best practices. Learn about emerging trends and hear firsthand about ArcGIS as a complete platform for Renewables. The Natural Resources Neighborhood is a great place to share your story, learn from your peers, see demonstrations and meet with Esri staff.

Esri Pavilion: Special Display - Sustainable World

The Sustainable World showcase features the work of government agencies, research institutions, nongovernmental organizations (NGOs), and commercial companies that conserve, restore, and sustainably manage the natural environment using science-based strategies. See how these organizations from around the world are using GIS to respond to climate change, urban development pressures, habitat destruction, and many other significant challenges.
