Change Notes

Market Data are now projections for 2026 (previously 2024). Unemployed Population data is shown for 2025 (previously 2023). The use of updated input data from official statistics has led to deviations in Age Groups. The Purchasing Power and Consumer Spending projections in national currency for 2026 show an upward trend due to a revision of economic data.

No changes were made to the settlement points since the last MBR Data release.

Other Data Notes
