Change Notes

Market Data are now projections for 2026 (previously 2024). The use of updated input data from official statistics has led to deviations in Age Groups. The Purchasing Power and Consumer Spending projections in national currency for 2026 show an upward trend due to economic growth.

No changes were made to the settlement points since the last MBR Data release.

Other Data Notes

For reasons of data privacy, in areas with fewer than 10 inhabitants, all data except Population and Household numbers are anonymized. For these areas, all variables simultaneously referring to currency and population are based on the national average and all other variables are set to zero. Micro: Education and Marital Status are based on the distribution of the respective Kabupaten.
