Change Notes

Market Data are now projections for 2025 (previously 2024). Unemployed Population is shown for 2024 (previously 2023). The Purchasing Power and Consumer Spending projections in national currency for 2025 show an upward trend due to inflation and economic growth and a revision of economic data. Please note that the deviations observed in the values for product groups CS13 to CS16 this year are due to a redefinition of these categories. Due to these changes, comparisons with the last edition are not possible in these groups.

Other Data Notes

None.
