Change Notes

Market Data are now projections for 2026 (previously 2024). Unemployed Population data is shown for 2025 (previously 2023). Population projections at the national level declined by 0.29% compared to former estimates; this difference is attributed to updates to United Nations data based on input data from the Institut national de la statistique et des études économiques for French Guiana.

No changes were made to the settlement points since the last release of French Guiana MBR data.
