THE  
SCIENCE  
OF  
WHERE®

The background is a vibrant, abstract composition. It features a central area of solid blue and teal. The left and right sides are framed by complex, colorful patterns. On the left, there are swirling shapes in red, yellow, and blue, along with a section of a hexagonal grid in shades of green and blue. On the right, there are more swirling, organic shapes in blue, red, and yellow, with some areas resembling a cellular or molecular structure. The overall effect is dynamic and modern.
