Access to the Virtual Summit

Access to the Esri Developer Summit (DevSummit) opens on Tuesday, April 6.

Log in ahead of time to check out some of our features!

STEP 1 Access Esri DevSummit by going to esri.com/devsummit.

STEP 2 Log in with the same Esri account credentials that you used for registration. Can’t remember your account info? Verify your ID and password ahead of time by referencing your Esri DevSummit registration confirmation email.

STEP 3 Start exploring! The event officially begins Tuesday at 8:30 a.m. (PDT). If you log in early, you can interact with select features including the following:

- **Build out your personalized agenda**—Preview all sessions and add your favorites to your calendar.
- **Visit the sponsors**—Preview sponsor pages featuring on-demand resources like videos and tools.

Tech Specs

System Requirements
- PC: Windows 7 or later
- Mac: OS X 10.6 or later

Supported Browsers
The virtual Esri DevSummit is accessible on current versions of Chrome (45 and later), Safari (10 and later), Microsoft Edge (15 and later), and Firefox (49 and later). For the best experience, we recommend using Chrome. Please note that Internet Explorer 11 is not supported.

Corporate IT Settings
Some corporate IT settings will block websites. If you are attending the event on a device supplied by your employer or on your company’s internet service, please have your IT team allow the following addresses:

- dev2021.esri.com
- https://onlineeventapi.com
- https://oepauthentication.azurewebsites.net
- https://fileviewer.freemanco.com
- https://eu.jotform.com/OEP_Support/freeman-virtual-support-portal
- https://matchmaking.grip.events
- https://whereby.com/
- Cdn.livestream.com
- Api.new.livestream.com
- playback2.akamaized.net/*
- playback.akamaized.net/*
- livestream-f.akamaihd.net/*
- secure-playlist.livestream.com/*
- http://stream.io.api.com
- http://ladesk.com
- http://eum.appdynamics.com
- https://esridevmarch21.onlineeventapi.com
Mobile Support
Our responsive interface is designed to be mobile friendly. Mobile versions of Chrome and Safari are supported—for best performance, ensure that your mobile browser is up-to-date.

Plenary Sessions
April 6, 8:00 a.m.–10:00 a.m. (PDT)
April 7-8, 8:30 a.m.–10:00 a.m. (PDT)
Each morning during our Plenary Sessions, you'll get inspired by thought leaders, including Esri's president Jack Dangermond, who will share how GIS is making a difference in the world. In these three days of focused training, you will see demonstrations of the latest technology and capabilities in ArcGIS® software that will empower you to take your work to the next level. You will also see powerful examples from speakers on how they leverage Esri® technology to create new and innovative solutions.

Learn more about the Plenary Sessions.

Sessions
Choose from an array of learning experiences, including technical workshops with real-time Q&As and partner sessions. Attend industry-focused sessions, connect to a community, and gain insights into how others are solving similar challenges.

Have conflicts in your schedule? All recorded sessions will be available in a comprehensive content library after the event.

Learn more about the sessions.
Navigation of the Virtual Summit

We’re so excited to share the platform with you as soon as it opens! It’s easy to navigate the virtual event from the home page, which features interactive tiles that include activities and content types. Please note that we will not be using our Events mobile app to provide navigation or notifications for the virtual event. Additionally, if you created a personalized schedule using the Favorite feature in our interactive agenda on esri.com, those selections will not transfer to the virtual platform.

Ask Our Experts

The Ask Our Experts page is the best way to connect with Esri experts and other attendees throughout your summit experience. To connect with these individuals, select Ask Our Experts from the main navigation bar and search for an individual’s name or participate in an existing group channel. Engage with Esri experts and fellow attendees through direct chats, and exchange contact information to get in touch later.

Support and Troubleshooting

Here are some troubleshooting basics:

• Log in again using a different supported browser.
• Check your Wi-Fi connectivity.
• Disconnect if using a VPN, and log in again.
• Contact Website Technical Assistance via the link in the footer of the event platform.

Virtual support is available at any time during the summit with our live help team! If you have questions about navigating the summit, troubleshooting, or anything else, you can go to the FAQ section and select the Virtual Info Desk option.

Code of Conduct

Esri is dedicated to providing a welcoming, respectful, safe, and accessible environment for all. The Esri DevSummit fosters an environment where collaboration can thrive, innovation is abundant and encouraged, and all attendees are provided the opportunity to learn and grow. We ask all Esri staff and summit participants to be mindful of the Esri Code of Conduct for Conferences and Community Spaces to help create an inclusive online environment that’s free of harassment, aggression, and intimidation. Please be respectful in chats, meetings, comments, and other interactive summit components.

Good conduct is expected, and inappropriate language will be flagged and removed. In the event that you need to report an incident, email Esri Events.
Digital Swag Bag
Personalize your Esri DevSummit experience with digital swag including custom Esri meeting backgrounds, GIS-themed coloring sheets, and stretch breaks with Globie.

Download your digital swag bag.

Esri Merch Store
Yes, you read that right—Esri merchandise is officially part of the virtual event, available through the Esri Merch Store!

Order T-shirts, books, and more, conveniently online. Purchases can be made 24/7. Please note: We are only able to process orders from within the contiguous US, Alaska, and Hawaii during the summit. We hope to make shipping available to those outside the United States in the future.

Shop the Esri Merch Store.
Featured Partner Sessions
Collaborate with our partners on GIS solutions for the developer community.

aws

Serverless IoT with AWS and ArcGIS Online
Wednesday, April 7
12:45 p.m.–1:45 p.m. (PDT)

SAP

The Power of Business and Location Data: Customer Use Cases of Esri ArcGIS and SAP HANA
Tuesday, April 6
10:15 a.m.–11:15 a.m. (PDT)

Learn More about Our Sponsors
Explore their virtual listings featuring GIS-powered products and services. Here are a few options to check out:

- **View Our Presentation**—If you missed their live presentation, click here to view sponsor sessions on demand.
- **Drop Your Business Card**—If you’d like someone to follow up with you directly, use this feature.
- **Visit Our Virtual Booth**—Be part of an immersive experience with our sponsors. There’ll be interactive components, games, chatbots, and more.
Esri, the global market leader in geographic information system (GIS) software, location intelligence, and mapping, helps customers unlock the full potential of data to improve operational and business results.

Founded in 1969 in Redlands, California, USA, Esri software is deployed in more than 350,000 organizations globally and in over 200,000 institutions in the Americas, Asia and the Pacific, Europe, Africa, and the Middle East. Esri has partners and local distributors in over 100 countries on six continents, including Fortune 500 companies, government agencies, nonprofits, and universities. With its pioneering commitment to geospatial information technology, Esri engineers the most innovative solutions for digital transformation, the Internet of Things (IoT), and advanced analytics.
