How ArcGIS Continues to Transform Field Operations

In case you missed it, check out the video from our widely popular webinar on field operations last month. Attendees got a first look at the brand-new ArcGIS Field Maps app.

New Video: Designing Thriving Communities with GIS

By recently integrating ArcGIS Online with Salesforce, which allowed 311 users to see a map of incidents and track their resolution, the city has streamlined its reporting workflow and reduced the number of redundant calls made by residents.
