

## Viewing the Fires in Australia [Ops Dashboard]

Explore the thermal activity of the Australian bushfires on this dashboard. Extreme heat and a prolonged drought have generated unprecedented large-scale fires in many parts of Australia, especially in the southeast.

Learn yourself: ["Use ArcGIS Living Atlas to view Australia fires"](#)

## Have a Minute? Take our Business Community Survey

Now that we are in 2020, we are looking for feedback on the content we share with the business community! We developed a short survey and would love a chance to hear from you. It will take less than five minutes, and it'll help us deliver better content to our community throughout the year.
