

Hi,

Welcome to the latest Esri Business Community newsletter, where we provide you curated content on what's coming, what's new, and best practices for your business needs from the Esri Business Team.

The Business Community at Esri UC 2020 Guide

For the business community joining the Esri User Conference (Esri UC) this year, we have lots planned! Learn new tips and tricks from expert-led learning sessions and technical workshops.

Registration is complimentary. To attend virtually, you must first register for the event. Once registered, the Plenary Session will be available for you to watch; however, full conference access will only be available for Esri users who currently have a maintenance plan or subscription. Throughout the week, you can join us at our virtual industry kiosks to ask questions, obtain new information, and request individual meetings with Esri experts. You will find virtual kiosks about insurance, retail, real estate, manufacturing, financial services, and logistics and industries.

We have created a special guide just for the Business Community to help get you started!
