

# ArcGIS Online at the 2023 Esri User Conference

July 10 – 14 | San Diego, California

## What's New and What's Coming

Date and Time	Session	Description
July 13 2:30 PM – 3:30 PM	<a href="#"><u>ArcGIS Online: What's New</u></a>	Get an overview of new features and functionalities in ArcGIS Online.
July 13 4:00 PM – 5:00 PM	<a href="#"><u>ArcGIS Online: The Road Ahead</u></a>	The inside perspective on the ongoing evolution of ArcGIS Online.

## Getting started with ArcGIS Online

Date and Time	Session	Description
July 11 8:30 AM – 9:30 AM	<a href="#"><u>Getting Started: The ArcGIS System</u></a>	Gain familiarity with map creation, data management and analysis, sharing content, and collaborating internally and externally.
July 11 2:30 PM – 3:30 PM	<a href="#"><u>Getting Started with User Types</u></a>	We'll review different user types, selecting the right one for your team, and demonstrate how to administer them.
July 11 4:00 PM – 5:00 PM	<a href="#"><u>ArcGIS Online: An Introduction to Map Viewer</u></a>	Learn about new Map Viewer tools and visualization enhancements supporting your creation of beautiful and informative data.
July 12 4:00 PM – 5:00 PM	<a href="#"><u>Getting Started: Editing Workflows</u></a>	In this session, beginners learn how to edit their data in ArcGIS Online and ArcGIS Pro.

## Administration

Date and Time	Session	Description
July 11 10:00 AM – 10:45 AM	<u><a href="#">Authenticating to ArcGIS Online with SAML</a></u>	Work through the process of configuring ArcGIS Online to support SAML Authentication with an external Identity Provider (Azure Active Directory).
July 11 2:30 PM – 3:30 PM	<u><a href="#">Getting Started with User Types</a></u>	We'll review different user types, selecting the right one for your team, and demonstrate how to administer them.
July 11 2:30 PM – 3:15 PM	<u><a href="#">ArcGIS Online: Effective Tools to Manage Your Organization</a></u>	Covers effective tools to streamline the management of members, content, credits, storage, and other organizational activities.
July 13 10:00 AM – 11:00 AM	<u><a href="#">ArcGIS Online and ArcGIS Enterprise: Administering Your Organization</a></u>	We review the best practices for administering your ArcGIS Online organization, including information for organization members responsible for setting up a new organization, assigning licenses, and managing organization members and content.

## Mapping and Spatial Analysis in Map Viewer

Date and Time	Session	Description
July 11 10:00 AM – 10:45 AM	<a href="#"><u>ArcGIS Scene Viewer: Authoring Web Scenes</u></a>	This session covers the fundamentals of authoring web scenes, the type of scene layers, and how to use them as a base for your tailored web application.
July 11 11:30 AM – 12:15 PM July 12 11:30 AM – 12:15 PM	<a href="#"><u>ArcGIS Online: Editing in Map Viewer</u></a>	Discover the latest enhancements to Map Viewer editing workflows.
July 11 1:00 PM - 1:45 PM	<a href="#"><u>ArcGIS Online and ArcGIS Pro: Publishing and Sharing Pro Symbology</u></a>	Learn how to author maps using Map Viewer's wide range of point, line, and polygon symbol galleries to style your features.
July 11 1:00 PM - 2:00 PM July 12 10:00 AM – 11:00 AM	<a href="#"><u>ArcGIS Online: Spatial Analysis</u></a>	An introduction to performing spatial analysis in ArcGIS Online.
July 11 2:30 PM – 3:30 PM July 13 1:00 PM – 2:00 PM	<a href="#"><u>ArcGIS: Data Exploration and Visualization for Spatial Analysis</u></a>	Topics include charting in ArcGIS Pro and Map Viewer, spatial analysis visualization techniques, and communication tools and apps.
July 12 8:30 AM – 9:30 AM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Smart Mapping, an Introduction</u></a>	This session shows you how to explore your data using Smart Mapping and ask questions of your maps that allow you to create powerful visualizations.

## Mapping and Spatial Analysis in Map Viewer (Continued)

Date and Time	Session	Description
July 12 10:00 AM – 10:45 AM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Tips and Tricks for Map Viewer</u></a>	A collection of high-impact tips and tricks to add that special something to your maps.
July 12 10:00 AM – 10:45 AM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Creating Smart Forms in Map Viewer</u></a>	Learn to build and configure focused smart forms for use in creating, updating, or deleting features and their attribute data.
July 12 2:30 PM – 3:15 PM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Designing Dynamic Pop-Ups</u></a>	We'll review best practices, tips and tricks, and offer dynamic examples from the ArcGIS Living Atlas of the World and beyond.
July 12 4:00 PM – 5:00 PM	<a href="#"><u>Getting Started: Editing Workflows</u></a>	In this session, beginners learn how to edit their data in ArcGIS Online and ArcGIS Pro.

## Open Platform

Date and Time	Session	Description
July 11 11:30 AM – 11:50 AM July 13 2:30 PM – 2:50 PM	<a href="#"><u>ArcGIS Online: Building Data Pipelines</u></a>	Data Pipelines is a newly released cloud native data ingestion and engineering capability within ArcGIS Online.

## Arcade

Date and Time	Session	Description
July 11 4:00 PM – 4:45 PM	<u><a href="#">ArcGIS Online and ArcGIS Enterprise: Optimizing Arcade Workflows</a></u>	Come join us and learn how to use Arcade to tell engaging stories, create rich visualizations, and dynamic content for your audience.
July 11 4:00 PM – 5:00 PM	<u><a href="#">Getting Started with Arcade</a></u>	Introducing Arcade - a portable expression language you can use across ArcGIS to create custom visualizations, labels, pop-ups, and field calculations.

## Sharing and Collaboration

Date and Time	Session	Description
July 11 10:00 AM – 11:00 AM July 12 8:30 AM – 9:30 AM	<u><a href="#">ArcGIS Online and ArcGIS Enterprise: Choosing the Right App Builder</a></u>	Learn about the different App Builders in ArcGIS Online and what questions to ask when selecting the right builder for your audience.
July 12 8:30 AM – 9:30 AM	<u><a href="#">ArcGIS Online: Collaborating Across Organizations</a></u>	Learn how to co-manage groups, maps, apps, and members to create rich inter-organizational content with another organization.
July 13 2:30 PM – 3:30 PM	<u><a href="#">Distributed Collaboration: Editing Across Environment</a></u>	This session includes an overview of distributed collaboration between ArcGIS Online and ArcGIS Enterprise.

## Security, Infrastructure, and Deployment

Date and Time	Session	Description
July 11 1:40 PM – 2:00 PM	<a href="#"><u>ArcGIS: Assessing Your Cloud Readiness</u></a>	This session covers the Readiness Assessment process and key considerations or decision points for interested organizations.
July 12 1:00 PM – 2:00 PM	<a href="#"><u>ArcGIS Online: Compliance and Security</u></a>	Learn how ArcGIS Online delivers secure geospatial workflows while adhering to federal and organizational compliance obligations.
July 13 8:30 AM – 9:30 AM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Architectural Patterns and Practices</u></a>	This session covers how to choose the deployment that best fits your organizational needs.

## Accessibility

Date and Time	Session	Description
July 12 10:00 AM – 11:00 AM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Best Practices for Web App Accessibility</u></a>	Learn how to optimize support for screen readers, keyboard navigation, and other assistive technologies across ArcGIS Online.
July 13 10:00 AM – 10:45 AM	<a href="#"><u>ArcGIS Online: Accessibility Best Practices</u></a>	ArcGIS Online offers many useful accessibility features and provides functionality within the application to allow users to generate accessible content for all audiences.

## Data Hosting

Date and Time	Session	Description
July 11 10:00 AM - 11:00 AM	<a href="#"><u>ArcGIS Online: Best Practices for Hosted Feature Layers</u></a>	Discover enhancements supporting foundational mapping and data management workflows.
July 11 2:30 PM – 3:30 PM July 13 1:00 PM – 2:00 PM	<a href="#"><u>ArcGIS: Data Exploration and Visualization for Spatial Analysis</u></a>	Topics include charting in ArcGIS Pro and Map Viewer, spatial analysis visualization techniques, and communication tools and apps.
July 13 2:30 PM – 3:30 PM	<a href="#"><u>Distributed Collaboration: Editing Across Environments</u></a>	This session includes an overview of distributed collaboration between ArcGIS Online and ArcGIS Enterprise.

## Data Management

Date and Time	Session	Description
July 11 8:30 AM – 9:30 AM July 12 8:30 AM – 9:30 AM	<a href="#"><u>Geocoding: What's New</u></a>	We'll touch on topics such as geocoding with ArcGIS Pro and ArcGIS Online, interactive geocoding, batch geocoding, address re-matching and building custom locators.
July 11 10:00 AM – 10:45 AM	<a href="#"><u>ArcGIS Online and ArcGIS Enterprise: Managing Offline Maps</u></a>	Learn how to prepare maps to take offline and work with them in a disconnected environment.

## Data Management (Continued)

Date and Time	Session	Description
July 11 2:30 PM – 3:30 PM	<u><a href="#">Embracing Data Management Best Practices</a></u>	In this session, you'll hear from two organizations on data management best practices.
July 11 4:00 PM – 4:45 PM	<u><a href="#">ArcGIS: Working with Date-Time Data in Web Services</a></u>	This session covers two newer concepts: Preferred Time Zone and Unknown Time Zone, as well as some common issues you might run into with date-time data.
July 11 4:40 PM – 5:00 PM July 12 1:00 PM - 1:20 PM	<u><a href="#">ArcGIS: Metadata Standards</a></u>	The session provides unique insights on the roadmap for metadata management in ArcGIS.
July 12 1:00 PM – 2:00 PM	<u><a href="#">ArcGIS Online: Best Practices Authoring Scalable Maps</a></u>	Learn how to ensure the stability of public information during high volume use and unexpected spikes in traffic.
July 12 2:30 PM – 3:30 PM	<u><a href="#">ArcGIS: A Practical Approach to Metadata, Catalog, and Search</a></u>	We demonstrate best practices, end-to-end workflows, and the use of the new Unified Metadata Editor Beta.
July 12 4:00 PM – 5:00 PM	<u><a href="#">ArcGIS Online: Best Practices for Content Management, Item Discoverability, and Search</a></u>	Learn tips about how to best optimize your item so it is found in the search, how to categorize items for filtering and best practices for publishing public, authoritative items.
