Imagery and Remote Sensing at the Federal GIS Conference

We look forward to seeing you at the 2024 Federal GIS Conference. To help you get the maximum benefit from this event, we have highlighted some imagery and remote sensing resources among the hundreds of different activities, workshops, and Expo opportunities.

The Don't Miss Activities

**Opening Plenary Session** (February 13th 9:00am – 12:30pm)
Keynote address by Jack Dangermond and inspirational technology demonstrations by Esri and Government users.

FedGIS EXPO (February 13-14)
Visit exhibits and partner booths to find innovative solutions tackling today's challenges. See the latest in software developments and solutions from Esri.

Networking Reception (February 14th 6:30pm – 9:30pm)
Conclude the conference with annual networking reception at the Smithsonian National Museum of Natural History and connect with your colleagues, Esri and our partners.

▶ **Imagery Summit**

Imagery and Remote Sensing at FedGIS 2024
Agenda is subject to change

This year, Imagery Summit @ Esri FedGIS is a part of the Esri Federal GIS Conference and is included with your conference registration. Join the imagery community as we gather to discuss advancements and trends in imagery and remote sensing.
