

ESRI PARTNER SPONSOR OPPORTUNITIES

in the 2020 Telecommunications Market

The telecommunication market is one of Esri's fastest growing markets. You are invited to join us in opportunities throughout the year to showcase your products and solutions. The events and comarketing activities described below are excellent ways to communicate to this market. For more information about any of these items, please contact Yvonne Lin, Esri telecommunication marketing coordinator, at ylin@esri.com or 909-793-2853, extension 4202.

PARTNERSHIP OPPORTUNITIES

Case Studies: Esri has several publications that reach thousands of readers each year. Showcase your best user success stories by submitting best practices and descriptions of their work with GIS. Solutions must be GIS and telecommunications related and demonstrate use of Esri technology.

Blogs: Need more exposure? Want to share a story? Let's collaborate on a blog.

Webinar: Webinars are a great way to raise brand awareness and deliver tremendous value. Collaborate with Esri Telecommunication team on a webinar this year. To submit case studies, blogs or webinar proposals, please email us at telecominfo@esri.com.

INDUSTRY FOCUSED BLOGS

Did you know we release GeoNet blogs every month written by Esri industry specialists and experts? Stay informed by signing up: go.esri.com/telecom

ESRI INDUSTRIES YOUTUBE CHANNEL
