### Esri News for AEC—December 2023

Hi,

Welcome to the December 2023 issue of the *Esri News for AEC* newsletter. Here you can find information and links to relevant webinars, articles, blogs, and more. Happy reading!

Have a colleague or teammate who might be interested in this newsletter? [Share this page](#) with them so they can sign up, too.

#### Submit a GIS Success Story

Raise the profile of GIS both inside and outside your organization, showcase innovative approaches to overcoming challenges with GIS, and—above all—inspire others to replicate your success.

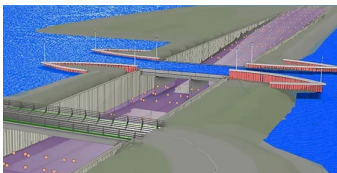

[Submit a Story →](#)

## Blogs

#### Extend ArcGIS GeoBIM to the Field with ArcGIS Field Maps

With ArcGIS GeoBIM now integrated with ArcGIS Field Maps, a streamlined digital workflow replaces inefficient paper-based processes and extends GIS and BIM collaboration to the field. Learn more on how this new integration can meet challenges during the construction phase.

#### Surface Modeling across Autodesk Civil 3D and ArcGIS Pro 3.2 Using Newly Supported Feature Classes

With the release of ArcGIS Pro 3.2, four new feature classes are supported as part of direct-read processing of Autodesk Civil 3D files: SurfaceBorder, SurfaceBoundary, Grading, and SurfacePoint. Generate surface models in ArcGIS Pro that uphold the accuracy of counterpart surface representations in Autodesk Civil 3D across a wide range of scenarios.

## Podcasts

#### Deliberate Words, produced by Conspectus

In the Conspectus podcast, professionals from diverse backgrounds engage in conversations that uncover the influence of purposeful language on their endeavors in architecture, engineering, construction, and ownership, ultimately shaping decisions and transforming views on transparent decision-making processes.

## Training

#### Lock In Training Rates for 2024

Instructor-led classes are going to increase in price for cash-pay customers in 2024. If you or your staff plan on taking instructor-led classes next year, you can purchase an Esri Training Pass (a training gift card) before January 1, 2024, and pay 2023 rates for next year's training. Feel free to reach out to your training consultant for more information.
