

Esri News for AEC—March 2022

Hi,

Welcome to the March 2022 issue of the *Esri News for AEC* newsletter. Here you can find information and links to relevant webinars, articles, blogs, and more. Happy reading!

Feel free to share this newsletter with your colleagues. They can sign up [here](#).

Case Studies

How GIS and Drone Imagery Boosted Construction Efficiency at La Cima

Developers behind the planned community, La Cima, leveraged ArcGIS Online and Esri partners to create a construction management system for the project.

[Read the Case Study](#)

Drone Pilots Reduce Risk While Improving Safety

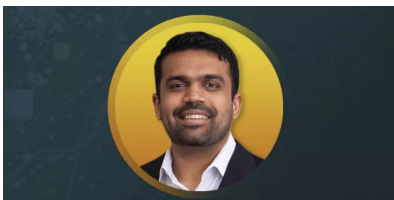

Airspace Link combines data and technology to enable safe and compliant drone activities for clients.

[Read the Case Study](#)

Submit a GIS Success Story

Raise the profile of GIS both inside and outside your organization, showcase innovative approaches to solving challenges with GIS, and above all inspire others to replicate your success.

[Submit a Story](#)

AEC GIS Heroes

GIS heroes are GIS champions. They have gained respect from architecture, engineering, and construction (AEC) industry colleagues who see them as problem-solvers. They inspire others to imagine how GIS can help them do their work better. Join us in celebrating these industry leaders who are making a difference every day at their organizations. Meet the latest AEC GIS hero: Siddharth "Sid" Pandey, with Dewberry Engineers Inc.

Upcoming Webinars

Integrated GIS and BIM Solutions for Sustainable Project Delivery

Join Esri and Autodesk on May 26, 2022 in a webinar hosted by Geospatial World. The virtual summit will bring together stakeholders from North America, Europe, and Asia to facilitate discussions and deliberations on the findings of the '[GIS & BIM Integration – A High Level Global Report](#)'.

[Reserve your seat](#)

Webinar Recordings

Bridging GIS-BIM to Design, Build & Maintain Resilient Infrastructure

Four special guests from Esri and Autodesk covered how GIS-BIM integration with ArcGIS GeoBIM helps to improve collaboration and streamline communication.

[Watch the Recording](#)

Maximize collaboration between ArcGIS and Autodesk using ArcGIS GeoBIM

Learn how the ArcGIS GeoBIM connection to Autodesk Construction Cloud blends survey and design workflows resulting in a better GIS and BIM data experience.

Esri Geodesign Summit - Save the Dates

The 2022 Esri Geodesign Summit will be held virtually April 11–12, 2022.

Don't miss these AEC-related presentations:

- Opportunities for Geodesign in AEC and Environmental Consulting, presented by Micah Callough, Esri
- A GIS Led Approach to Implementing Natural Flood Management, presented by Alex Briggs, Mott MacDonald
- The Digital Transportation Corridor: Using Simulation to Enhance Resilience, presented by Stephen Bourne, Atkins
- Geodesign in Practice: Lynnwood City Center, presented by Devin Lavigne, Houseal Lavigne Associates
- Digitizing the Engineering World, presented by Martin Russell, Aurecon
- 4D-Geodesigning the City of Baden's Oberstadt+ Urban Future, presented by Sibylle Waelty, ETH Zurich
- Employing 3D Technology in 3D Environmental Planning Analysis, presented by Ahmed Abdo, Quality Standards for Information Technology
- AEC Special Interest Group (SIG) Meeting
