DID YOU KNOW?

ArcGIS Online is a mapping platform freely available to public, private, and home schools. A school subscription provides additional security, privacy, and content features. Learn more about ArcGIS Online and how to get a school subscription at <http://www.esri.com/schools>.

THEN TRY THIS...

- Build an Excel spreadsheet of countries that received financial aid from the United States because of the Marshall Plan. Build fields for the country, the latitude/longitude of its capital city, and the amount to be received. Use hot spot analysis to determine which countries received the most aid.
