Electric Utilities | Safety First

Reveals Unsafe Conditions

Supporting Decisions In Real-Time

Safety First

Regulatory Compliance
- Pinpoints vehicle accident areas
- Assesses safety risks
- Aids in safety audits
- Details lost time injury areas for OSHA reporting

Hazard Awareness
- Reports hazards in real-time
- Details hazard hot spots
- Underscores dangerous events
- Shows links to environmental and culturally sensitive areas

Community and Staff Awareness
- Organizes crew hazards
- Simplifies community collaboration
- Improves 811 call before you dig
- Locates asset failures and exclusion zones
