DataCapable

Wednesday, January 29 – 11:00am – 11:20am in the Esri Demo Theater (Booth #2047)

Presentation Title

How Central Hudson Gas and Electric has Transformed Safety and Reliability with a New Platform

Description

Decentralizing grid damage has been a hot topic in the industry for years and the first platform to make this a reality has materialized. Leveraging the power of the Esri tool set and the DataCapable Platform Central Hudson Gas and Electric is leading the charge with the roll-out of the Municipal Portal. Embedded in this new toolset are win-wins for the utility and key stakeholders including improved situational awareness for all parties involved. Learn how to move beyond concepts and operational discussions and implement lasting improvements in safety and reliability.
