For US Customers Only

Professional GNSS performance in a rugged smartphone

The Trimble® TDC600 handheld is a sleek, all-in-one rugged smartphone with a built-in professional GNSS receiver. Designed for ease-of-use in a wide range of GIS applications, the TDC600 helps you collect and retrieve highly accurate spatial information while staying in touch with the office—all with a single device. It's the smart, productive way to collect data and communicate from the field.

Limited Warranty Terms and Conditions

Product Limited Warranty. Subject to the terms and conditions set forth herein, Trimble Inc. (“Trimble”) warrants that for a period of three (3) years from date of purchase this Trimble product (the “Product”) will substantially conform to our publicly available specifications for the Product and that the hardware and any storage media components of the Product will be substantially free from defects in materials and workmanship.

Warranty Remedies. If the Product fails during the warranty period for reasons covered by this limited warranty and you notify us of such failure during the warranty period, we will repair OR replace the nonconforming Product with new, equivalent to new, or reconditioned parts or Product, OR refund the Product purchase price paid by you, at our option, upon your return of the Product in accordance with our product return procedures then in effect.
