

Esri at DISTRIBUTECH 2020

Geoenabling the Modern Utility

Henry B. Gonzalez Convention Center | San Antonio, Texas | January 28-30, 2020

UDC

Wednesday January 29 – 4:00pm – 4:20pm in the Esri Demo Theater (Booth #2047)

Presentation Title

Utility Network Migration – Getting Down to the Details

Description

UDC's HEIDE is a multifunction tool assisting utilities to prepare for and execute their Utility Network migration using a staged approach. Join us and see how HEIDE works to interrogate and analyze your data to assess readiness for migration. Learn how it can be used in an iterative manner to improve data quality and migrate from any source database to the Esri Utility Network.

Presented by: TJ Houle, Sr. GIS Consultant - UDC
