Table of Contents

Esri resources for your organization

Course introduction

- Course introduction
- Course goals
- Installing the course data
- Training Services account credentials
- Icons used in this workbook

1 Preparing for ArcGIS field apps

- Lesson introduction
- Field activities overview
- Which apps support your field activities?
- The geoinformation model in ArcGIS
- Input data for ArcGIS field apps
- Controlling access with groups in ArcGIS Online
- Exercise 1: Create a group in ArcGIS Online
 - Sign in to an ArcGIS Online organization
 - Create a folder for field data
 - Create a group for sharing data
 - Create a security group
 - Configure the security group
 - Create a maintenance group
 - Configure the maintenance group
- Lesson review
- Answers to Lesson 1 questions

2 Preparing feature layers for field apps

- Lesson introduction
- Decision factors for data capture field apps
- Field app deciding factors
- Choosing a data capture field app
- Improving data collection efficiency in field apps
- Workflow to prepare data for publishing
- Exercise 2: Prepare a feature layer for publishing to ArcGIS Online
 - Sign in to ArcGIS Pro
 - Create a project
 - Add layers to the map
 - Symbolize the layers

Add a domain to the feature layer

Lesson review

Answers to Lesson 2 questions

3 Creating a web map for field apps

Lesson introduction

Publishing options for web maps for field apps

Publishing a web map for field apps with ArcGIS Pro

Exercise 3: Create a web map for ArcGIS Online

Evaluate the map for publishing

Specify the map metadata

Preserve layer and table IDs

Specify the publishing options

Publish the web map for field activities

View the web map in ArcGIS Online

Lesson review

Answers to Lesson 3 questions

4 Updating feature layers with ArcGIS Field Maps

Lesson introduction

ArcGIS Field Maps benefits

Smart form capabilities

ArcGIS Field Maps smart form configuration options

Exercise 4A: Update a feature layer with ArcGIS Field Maps

Configure the smart form

Open the ArcGIS Field Maps app

Open the web map

Place the new asset

View the updated feature layer in ArcGIS Online

Using relationship classes in ArcGIS Field Maps

Workflow to update a feature layer

Exercise 4B: Maintain tables with ArcGIS Field Maps

Add a GUID to a table

Add a GlobalID to a feature layer

Create the relationship class

Overwrite the feature layer

Prepare the smart form

Create a smart form

Modify a smart form

Update service records in ArcGIS Field Maps

View the service records in a web map

Lesson review

Answers to Lesson 4 questions

5 Managing fieldwork with ArcGIS Workforce

Lesson introduction

ArcGIS Workforce benefits

ArcGIS Workforce components

ArcGIS Workforce roles

Role capabilities in ArcGIS Workforce

Assignments for your organization

Exercise 5A: Create an ArcGIS Workforce project

- Create an ArcGIS Workforce project

- Add assignment types

- Add users and define roles

- Customize the dispatcher web map for the project

- Customize the workforce web map for the project

- Share the ArcGIS Workforce project

- Create a web map for ArcGIS Dashboards

Life cycle of an assignment in ArcGIS Workforce

Exercise 5B: Use an ArcGIS Workforce project to manage an event

- Add the first assignment

- Create additional assignments

- View the list of assignments

- Change the status of an assignment on the mobile app

Lesson review

Answers to Lesson 5 questions

6 Creating smart forms with ArcGIS Survey123

Lesson introduction

ArcGIS Survey123 benefits

ArcGIS Survey123 components

ArcGIS Survey123 web designer workflow

ArcGIS Survey123 component functions

Creating smart surveys with XLSForms

Exercise 6A: Create a new survey with ArcGIS Survey123 Connect

- Create a new survey

- Configure the XLSForm

- Add a question

- Publish the survey

- View the contents of the new survey folder

- Share the survey

- Download the survey on your device

- Submit the survey

Submit another survey

View in a web map

Preparing to use a feature layer in a survey

Exercise 6B: Update an existing feature layer with ArcGIS Survey123

Create a copy of the feature layer

Prepare the feature layer for a survey

Create a survey based on a feature layer

Customize the survey appearance

Publish the survey

Use the survey

View the survey submissions

Lesson review

Answers to Lesson 6 questions

7 Updating a feature layer with ArcGIS QuickCapture

Lesson introduction

ArcGIS QuickCapture benefits

Relevant real-time observations

ArcGIS QuickCapture button creation

Preparing data for an ArcGIS QuickCapture project

Exercise 7A: Create the data for an ArcGIS QuickCapture project

Create a feature layer

Add the field for observations

Create a list of choices

Configure editor tracking

Symbolize the layer

Save the layer and web map

ArcGIS QuickCapture project configuration options

Exercise 7B: Capture field observations with ArcGIS QuickCapture

Create an ArcGIS QuickCapture project

Configure the button position

Configure the button symbology

Group the buttons

Prepare to share your project

Use the field app on your device

View observations in a web map

Lesson review

Answers to Lesson 7 questions

8 Organizing your field activities with ArcGIS Dashboards

Lesson introduction

ArcGIS Dashboards benefits

ArcGIS Dashboards elements

Sources of data for ArcGIS Dashboards

Exercise 8A: Display field activity in ArcGIS Dashboards

- Create a dashboard in ArcGIS Dashboards

- Add a map element to the dashboard

- Add additional map elements

- Adjust the positioning of the map elements

- Add list elements to the dashboard

- Adjust the positioning of the list elements

Configuration settings for elements

Which configuration setting for which functionality?

Exercise 8B: Add interactivity to a dashboard in ArcGIS Dashboards

- Add a category selector

- Configure a list to highlight an assignment

- Add an indicator for a specific threshold

- Share the dashboard

- View the dashboard

- Challenge: Add another selector

Lesson review

Answers to Lesson 8 questions

Exercise 8B challenge solution

Appendices

Appendix A: Esri data license agreement

Appendix B: Answers to lesson review questions

Appendix C: Additional resources
